The FCB Masters Program provides you with the foundation to become a World-Class Banker & strategic partner to the commercial and consumer customers of Florida Community Bank, Florida's leading Commercial Bank.

What is the FCB Masters Program?

The FCB Masters is a program designed to develop the credit, financial analysis, and relationship management abilities of Financial Banking professionals. The program provides a hands-on, rotation-based learning experience where individuals are exposed to various lines of businesses throughout the bank. On-the-job training supplemented by formal classroom work provides you with the opportunity to gain the knowledge, skills, and experience required to assume a position as an Analyst, Credit Portfolio Manager, Relationship Manager or Branch Manager upon completion of the program.

Program Design:

FCB Masters is a 6 month program. During the program, associates complete Credit, Commercial and Retail training, as well as develop their leadership and business professional skills with industry leading training and coaching. The classroom training is followed by in-field rotations across various Commercial, Retail and Operational departments, acquiring skills and knowledge in relationship management and products/services. Each rotation is structured to allow the associate to add value to the department and make a concrete contribution.
